

January 19, 2021

Dear Downtown 10 Project Stakeholder,

As an interested party in the potential Downtown 10 Project, we are writing to inform you that in order to further evaluate pavement conditions along I-10 through the Downtown 10 project limits (Executive Center Boulevard to Copia Street), the Texas Department of Transportation (TxDOT) El Paso District has contracted with HDR Inc., Terracon Consultants, Inc., and Apache Barricade & Sign, to collect and analyze soil core samples. This will help in the development of alternative engineering designs.

The work will take place from January to February 2021 at various locations in the downtown El Paso area, and may require daytime road closures in at multiple locations. Please watch for crews and be prepared to follow any detours. Closure details will be published at www.reimaginei10.com/Downtown10, txdot.gov, and on our social media platforms once finalized.

Your patience is appreciated, and any courtesy you can extend to the staff of HDR Inc., Terracon Consultants, Inc., and Apache Barricade & Sign during this study will be greatly appreciated. Should you have any questions, please contact:

Brian Swindell, PE.
Project Manager, HDR Inc,
17111 Preston Road, Suite 300
Dallas, TX 75248
Phone: (972) 960-4400
Email: Brian.Swindell@hdrinc.com

Hugo Hernandez
Project Manager, TxDOT El Paso District
13301 Gateway West Blvd.
El Paso, TX 79928
Phone: (915) 790-4243
Email: Hugo.Hernandez@txdot.gov

Media inquiries: Please contact Jennifer Wright at 915.790.4340/Jennifer.Wright3@txdot.gov, and/or Lauren Macias-Cervantes at 915.790-4341/Lauren.MaciasCervantes@txdot.gov.

Thank you for your participation and cooperation with this important study.

Sincerely,

Hugo Hernandez
Project Manager, El Paso District Office

Tentative Detail Closures:

Pavement/soil core sample collection (B-1)

Thursday & Friday, January 21-22 (36-hour closure)

- N. Santa Fe St. (northbound) between E. Yandell Dr. and Wyoming Ave.
- Outside lane closed.
- Crews will be working onsite from 9 a.m. – 4 p.m.

Pavement/soil core sample collection (B-2)

Monday & Tuesday, January 25-26 (36-hour closure)

- Wyoming Ave. (eastbound) between N. Santa Fe St. and N. El Paso St.
- Outside lane closed.
- Crews will be working onsite from 9 a.m. – 4 p.m.

Pavement/soil core sample collection (B-4)

Wednesday & Thursday, January 27-28 (36-hour closure)

- Wyoming Ave. (eastbound) between N. Oregon St. and N. Mesa St.
- Outside lane closed.
- Crews will be working onsite from 9 a.m. – 4 p.m.

Pavement/soil core sample collection (B-6)

Monday & Tuesday, February 1-2 (36-hour closure)

- Wyoming Ave. (eastbound) between N. Stanton St. and N. Kansas St.
- Outside lane closed.
- Crews will be working onsite from 9 a.m. – 4 p.m.

Pavement/soil core sample collection (B-3)

Wednesday & Thursday, February 3-4 (36-hour closure)

- E. Yandell Dr. (westbound) between N. Oregon St. and N. Mesa St.
- Outside lane closed.
- Crews will be working onsite from 9 a.m. – 4 p.m.

Pavement/soil core sample collection (B-5)

Wednesday & Thursday, February 10-11 (36-hour closure)

- E. Yandell Dr. (westbound) between N. Stanton St. and N. Kansas St.
- Outside lane closed.
- Crews will be working onsite from 9 a.m. – 4 p.m.

Pavement/soil core sample collection (B-7)

Monday & Tuesday, February 15-16 (36-hour closure)

- N. Campbell St. (northbound) between E. Yandell Dr. and E. Missouri Ave.
- Outside lane closed.
- Crews will be working onsite from 9 a.m. – 4 p.m.
